

NBS Energy Services LLC

Keeping Wyoming Flowing Since 2022

Exempt E&P Wastes – Wastes We CAN Accept

- Produced water
- Drilling fluids
- Drill cuttings
- Rigwash
- Drilling fluids & cuttings from offshore operations disposed onshore
- Geothermal production fluids
- Hydrogen sulfide abatement wastes from geothermal energy
- Well completion, treatment, and stimulation fluids
- Basic sediment, water, and tank bottoms holding exempt wastes
- Accumulated hydrocarbons, solids, sands, & emulsion from production separators & treating vessels
- Pit sludges & contaminated bottoms from disposal or storage of exempt waste
- Gas plant dehydration wastes, including glycol filters & molecular sieves
- Workover wastes
- Gases from the production stream (H₂S, CO₂, hydrocarbons)
- Materials ejected from wells during blowdown
- Cooling tower blowdown
- Gas plant sweetening wastes including amines & filter media
- Spent filters & media from exempt streams
- Pipe scale, hydrates, hydrocarbons removed prior to transportation
- Produced sand
- Packing fluids
- Hydrocarbon-bearing soil
- Wastes from subsurface gas storage (except non-exempt)
- Constituents removed before produced water disposal
- Liquid hydrocarbons removed from the production stream
- Waste crude oil from primary field operations
- Light organics volatilized from exempt pits or equipment

Hours: M–F 8:00 AM – 5:00 PM

After hours & holidays by appointment

714 Orin Way, Douglas, WY 82633

Non-Exempt Wastes – Wastes We CANNOT Accept

- Unused fracturing fluids or acids
- Gas plant cooling tower cleaning wastes
- Painting wastes
- Waste solvents
- Oilfield service company wastes including drums, rinsate, spent solvents, and spilled chemicals
- Vacuum truck rinsate from hauling non-exempt wastes
- Refinery wastes
- Liquid & solid wastes from crude oil tank bottom reclaimers
- Used equipment lubricating oils
- Compressor oil, filters, & blowdown
- Used hydraulic fluids
- Pipeline waste pits
- Caustic or acid cleaners
- Boiler cleaning wastes & scrubber sludge
- Incinerator ash
- Laboratory waste
- Sanitary & pesticide waste
- Radioactive tracer waste
- Drums, insulation, & miscellaneous solids

Hours: M–F 8:00 AM – 5:00 PM

After hours & holidays by appointment

714 Orin Way, Douglas, WY 82633
